September 27, 2018

Second Floor, County Conference Room A

**Members Present:** Peggy McCarthy, Chiara Caballero, Jeffrey Hite, Marc Muhr, & Kay Roberson

**Members Absent:** Brad Berry, Dave Kester, & Jan Bothwell

**Staff Present:** Jared Sanford, Arianna Kee, & Krysta Pennington

The meeting was called to order at 12:04 pm

**Minutes Approval:** The August 2018 minutes were reviewed by the Advisory Board. Chiara motioned to approve the minutes, which was seconded. This was then approved by the Advisory Board.

**NEW BUSINESS**

**Program Opening Update:** A meeting with the Department of health for the walkthrough is scheduled for next week. We are still on track for opening in spring of next year.

**Program Design Discussion:** Peggy has been communicating with C-Tran in regards to having a route out to the site. Kay noted that C-Tran may be too large of transportation for the location. She stated that it may be more beneficial to either work with Uber or a taxi service. Having a vehicle for the location may be beneficial in order to bring individuals to the site, as well as working with the SURV van and the local community partners. Marc noted that the EMS staff are receiving training in October and will be able to transport individuals to the site by the time it opens. As we get closer to the opening date, we will look further into transportation options outside of C-Tran.

We will need to get applications submitted by December if we hope of have ENT services for the site, as the city is going to be changing its land use process.

**OTHER DISCUSSION**

Kay wanted to know if anyone has been out to see the new hospital, and what we will be able to offer that they cannot. They will be under a different designation than the Crisis center. It is not yet been determined what all services they will be providing.

From now until January, we will not hold formal meetings and will give updates and reports via email.

The meeting was adjourned at 12:36pm

Respectfully Submitted, Krysta Pennington
