**A leading treatment provider for mental health and
substance use disorders.**

Through superior customer service, high quality programs, and a well-trained and dedicated staff, we inspire hope and support lifesaving changes for people affected by substance use and mental health conditions.

We meet you where you are and when YOU are ready.

As a comprehensive behavioral health organization, Lifeline Connections provides a wide range of integrated services for individuals with mental health and substance use disorders. Our diverse, multidisciplinary team is here to help you identify your goals and determine the service options that are best for you. Visit our website or call to check availability at your preferred Washington State location.

Caring professionals walk you through each step of the process.

Our professional, cross-functional team of medical and behavioral health professionals, peer counselors, and housing specialists, along with our care coordinators and compassionate support staff encourage and support you as you begin your journey to recovery.

We know that behavioral health conditions can be treated and managed.

Your treatment plan is individualized and tailored to fit your unique needs and is based on comprehensive, evidence-based practices. We are here to provide hope, help, and Healing as you define your goals and begin your journey to wellness.
